COSMIC CHASM

Fill the Chasms of Your Coin Boxes with Cosmic Earnings . . .

COSMIC CHASM LEADER OF THE VIDEO SPACE RACE!!

New dimensions in vector game play, combined with brilliant graphics and the economy and convenience of convertibility. The COSMIC CHASM space station has been seized by a hostile enemy force. Your mission: Maneuver your ship through the tunnels and chasms of the station to the central power core. Destroy the core and escape, retracing your path to the point of entry before the chain-reaction explosions destroy the entire station. Success in this mission will lead you to twenty-three new and greater challenges.

HOW TO PLAY

Score points by destroying enemy ships, completing the chasm and destroying the space station core.

Activate **THRUST** button to maneuver your ship through station.

FIRE guns to kill enemies, break through chasm gates and destroy core.

Activate **SHIELD** to block enemy attack, break through chasm gates, prevent ship's collision with chasm walls and expanding chasm centers.

Follow ship's progress in upper network **DISPLAY MAP**.
